Dear Madam:-

Our books still show that you have not made a second deposit at our bank and we trust that within a few days you will see your way clear to make regular deposits.

The savings of your money accummulated in the Home Recording Safe should be brought by you to this bank and credited on your small pass book so that your savings can begin earning interest at the rate of 4% per annum. Our best accounts are those that are built up regularly and persistently and you will be proud of the result if you adopt the habit.

The great financial strength of our bank, coupled with a Board of Directors whose ability, integrity and financial responsibility are beyond question, insuresthe absolute safety of every dollar deposited with us.

With best wishes for you as a successful saver and one who will soon build up a fine balance, we are,

Yours very truly,

A. B. Workman

Vice President.
